

Year 3 Spring Term Curriculum

English

- * We will use a variety of texts over the term to produce description and dialogue for story writing, non-fiction writing linked to our Science work and information texts about London and the locality.
- * 'Ocean Meets Sky' and 'Wheels' are two of the texts we will be focusing on.
- * We will be reading 'A Bear called Paddington' as a class, whilst children continue to use Accelerated Reader to quiz on their individual books.
- * Regular reading at home as often as possible (at least three times a week) should continue.

Maths

- * We continue to learn times tables and would appreciate your support in reinforcing these at home. We will move onto measuring length & perimeter.
- * In the second half of the term we study fractions in detail and look at written methods of multiplication and division.
- * We use NumBots and TTRockstars in class and as part of Home Learning to support this. We expect your child to engage at home independently for at least 20 minutes per week.

PSHE and Production

PSHE - Jigsaw

- * The children use our Jigsaw programme to explore Dreams and Goals in the world around them. In the second half term we will focus on 'Healthy Me'.
- * Our 'Wiz Wham Alakazam' production will take place on 10th and 11th March. Further details to follow.

Science and Computing

Science:

- * The children will learn about magnets and forces. We will also be developing our working scientifically skills.

Computing:

- * We begin by looking at events and actions in programs through using 'Scratch'. We then study online safety further and learn about copyright and ownership.

PE and Music

PE:

- * We start with Dance where we will learn moves to combine into sequences. Later in the term we will develop our hockey skills.

Music:

- * The children are learning songs for our upcoming production 'Wiz Wham Alakazam'.

Geography and French

Geography

- * We will develop our locational knowledge and map skills to be able to locate countries in Europe, North America and South America. We will be comparing cities and geographical features of countries across these continents.

French

- * We will be learning how to say which activities we can or can't do, plus learning about the four seasons.

Art and Design & Technology

D&T:

- * We focus this term on sewing. The children will learn different stitching techniques to produce their own case for a small electronic device.

Art:

- * In Art, we move on creating collages from different 2D and 3D materials, inspired by various artists.

RE

- * We are going to be learning about different strands of two religions this term.
- * The children learn about 'What is it like for someone to follow God?'
- * We learn how festivals and worship show what matters to Muslims. We will be visiting Exeter Mosque as part of our learning.
